HINTS & TIPS

Here also Chris Matheson has lent a hand to improve the performance of this light wind/ no wind/ indoor kite. A kite for having fun. Anything from 10mph / 16 kph and down, this kite is the baby to play with. Got a small place to fly, not a problem! You'll be amazed just where this kite will fit in. A little kite that thinks it's a big kite.

SAIL MATERIAL

Spinnaker Polyester
